

MATRIX

# TREADMILLS

## AN EXERCISE IN PASSION.

Strong, smart and beautiful do not just happen. Neither do belts that last longer. Or motors that run smoother. Or designs that look better. Striking the perfect balance of engineering and aesthetics, our treadmills attract more attention and require less maintenance than anything you put next to it.

### Ultimate Deck™ System

Our impact absorption system provides the ultimate feel for all users, and offers over 25,000 miles of maintenance-free performance.

### Cast Aluminum End Caps

For lasting durability, the Matrix 5 and 7 series treadmills are equipped with cast aluminum end caps.

### Dynamic Response Drive System™

Our exclusive drive system is coupled with controller technology that continuously monitors and adjusts to user foot fall to ensure a perfect stride.

### Spacious Running Surface

The Matrix 5 and 7 series treadmills feature a 22" wide belt providing an added sense of security and freedom.

### Low Step-on Height

All Matrix 1 and 3 series treadmills feature a low 7.5" (19 cm) step-on height for easy accessibility. The 5 and 7 series treadmills are 9.5" (24 cm).

# Treadmill | T1xe

Nike+iPod

- integrated 7" (18 cm) LCD display
- Vista Clear™ Television Technology – the most vibrant picture quality in the industry
- compatible with the immersive Virtual Active™ programming

# Treadmill | T1x

Nike+iPod

- large LED display provides easy viewing and simple controls
